PREPARE TO FLOAT SECOND LIBERTY LOAN BOND ISSUE

COMMITTEE TO BE MOST DEMOCRATIC

Composed of Farmers, Business Men, Bankers and Others---Sixth District Bankers in City

J. W. Wheeler, St. Paul Banker, Explains Plan at Chamber of Commerce Rooms Thursday Afternoon

At a meeting of the sixth district officers and directors of the state bankers association, J. W. Wheeler, president of the Capital Trust & Savings bank, St. Paul, explained the plan of floating the second Liberty loan bond issue.

"The committee is to be made a most democratic organization," said Mr. Wheeler, "composed of farmers, business men, and others."

Will Wilke, president of the First National bank of Grey Eagle, was selected delegate of the sixth district to serve on the state committee of the Liberty loan.

Other bankers in attendance at the Brainerd meeting held at the Chamber of Commerce rooms included W. L. Brooks, cashier of the Northern National bank of Bemidji; E. E. Martin, president of the First State bank of Pine River; George Harris, president of the Farmers State bank of Pine River; M. M. McNair, cashier of the Security State bank of Pillager; A. J. Hayes, cashier of the First National bank of Crosby; A. A. Fitch, cashier of the Farmers and Merchants State bank of Royalton; W. E. Parker, cashier of the First National bank of Wadena; E. J. Ritchie, cashier of the German-American National bank of Little Falls; J. E. Martin, cashier of the First National bank of Little Falls; George D. LaBar, president and R. B. Withington, cashier of the First National bank of Brainerd; F. H. Simpson, vice-president of the Citizens State bank of Brainerd.

"Human Material" Resource is Short Boy Soldiers Left

(By United Press)

With the French Armies, Sept. 28.—Germany today has 6,800,000 men as "human material" with which to enforce her demand for a place in the sun. This is all the "man power" that remains out of a total of 14,000,000 men who have figured on the German lists and who have passed through the hands of Germany's military arbitrators approximately 5,500,000 at the front and 600,000 reserve. The remaining 700,000 are boy soldiers which constitute the only resource of human material upon which Germany can draw and they must fill up the losses totaling 70,000 or more monthly.

BANNER DAY FOR SOLDIERS' SMOKE FUND

Minnesota & International Railway and Tie Treating Plant Boys Contribute \$15 to Fund

Employees of Various Other Plants and Offices to Take up Collections to Help Boys in France

Thursday was the banner day for The Brainerd Daily Dispatch Tobacco Fund and \$20.50 rolled in.

Minnesota & International railway general office boys and some from the tie treating plant of the Northern Pacific railway company in West Brainerd contributed \$15 and F. E. Stout was delegated to carry the currency to the Dispatch office. That \$15 will buy 60 smoking kits for the soldier boys in France.

And the contributions were not limited to the men. Many of the office girls gave their contributions too.

Carlos A. Winner's donation was brought in by a boy. The D. M. Clark & Co. store took up a collection Wednesday and A. J. Maghan, Severn E. Koop, James H. Alderman, Andy Wesley, Oscar W. Hagberg and Henry Graham each gave 50 cents. Mrs. E. Ankeney of 201 Second avenue Northeast gave her dollar and was glad to help the soldiers.

John Larson gave his dollar and said the Brainerd Daily Dispatch Tobacco Fund was a worthy undertaking.

Frank Wollaston of the Ideal hotel was glad to give his 50 cents and said it was a project that merited the support of all. He had a comfort kit given him when he wished to enlist and upon being declared exempt he was willing his kit should go to some other soldier boy. The kit, for a short time, is on exhibition in the windows of the Dispatch office. Milton Mahlum of the Mahlum Lumber Co. said his dollar could do no more effective service than buying four smoking kits for the soldiers. Dr. C. G. Nordin contributed \$3 and said it was a worthy undertaking. Then F. E. Stout arrived with the big contribution of \$15.

NEW PERIL FOR RUSSIA

Civil War May Result From Clash of Factions.

Democratic Conference Held at Petrograd to Obtain National Sanction for Kerensky Government.

Washington, Sept. 28.—It is believed here that the United States will support the Kerensky democracy as opposed to all counter revolutionary movements, whatever the result of the democratic conference in Petrograd, scheduled to open there and upon which Premier Kerensky is depending for a national sanction for his government.

The Russian government, through semi-official advice, has permitted to become known that civil war may result from the contest now going on between the maximalists, or bolsheviks, followers of the international socialists Lenin, and the provisional government. Should radicals control the conference, it has been authoritatively stated here, Premier Kerensky and his supporters will resist, believing they represent true Russia.

Kerensky Upheld.

Kerensky is upheld by democratic elements of the bourgeoisie, represented by such men as Nekrasov and Terentschenko, the latter being foreign minister, and by minimalist socialists, such as Tseretelli and Avksentiev. Kerensky himself belongs to this category of socialists, being a member of the labor party.

In diplomatic circles fear is expressed that should the maximalists obtain

After him came Mrs. C. Bruhn and she gave a dollar. "We have a boy in France now," she said, and smiled bravely.

WEST POINT FRESHMEN HAZED

Practice in Worst Form Breaks Out—Twelve Courtmartialed.

New York, Sept. 28.—Hazing in its worst form has again broken out at West Point. Upper classmen have forced newly appointed cadets to strip to the waist, stand on tiptoe with chins and heads back, and hold that position until they fainted. Twelve cadets are under charges for hazing and will be brought to trial quickly.

The first to face the officers who will decide his fate has been marched into the dimly lighted subterranean chamber where courtmartials are held.

When his trial is completed those of the other six accused in the case will be held.

The occasion was in the nature of a reception for the new students and a farewell to several graduates who leave the latter part of the week to accept positions in the cities. Games and other pastimes were enjoyed, closing with a dainty lunch served by the young ladies. There were about 75 present, and all report a most pleasant evening.

Now isn't it fine to own some large "liberty lots," raise your own house, as well as all your foodstuffs including meats, fruits and have trees for fuel. There are no better pleased citizens in town than those who acted on these suggestions last year and this, who are now filling their cellars and living on their own products. They rather like him, especially when they sell their surplus products at the new market for cash. Those less far-sighted. It is not too late to start on the road to freedom and independence this month—You'll be surprised to know how far a little money will go on the Nettleton plan. 11

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

MISS DORA LEE CAIN

Was Leader at Thursday Afternoon Meeting at the Tabernacle

The Thursday afternoon meeting at the tabernacle was one of spiritual uplift. Miss Dora Lee Cain was the leader. She talked in a general way of the manner in which she expected to conduct the afternoon services and requested that every person to bring his bible tomorrow that a definite program of Bible study be pursued.

She quoted some person who said the termination "less" is attached to so many things we do. For instance we bake with a fire-less cooker, we travel with a horse-less carriage while the characteristic of this age is an inspiration-less Bible and a Christ-less message.

Miss Cain arrived last night and will from this time direct the Bible study and have charge of the afternoon services at the tabernacle. She is a graduate of Cox college, Atlanta, Georgia and of the Moody Bible school, Chicago. She was for some time a missionary in China.

During the past three years she has been doing general evangelistic work in some of the larger cities such as Buffalo and Atlantic City, New Jersey. For some time she was associated with Len. G. Broughton, while he was pastor of the Old Tabernacle, Atlanta.

Her special feature is in conducting big mass meetings for women only. In one of such meetings a short time ago in Tampa, Florida a number of women were turned away for lack of room.

Sunday afternoon at three o'clock will be the first of these meetings and will be held in the Methodist church. Her subject will be "The New Woman." There will be special music, women ushers and a good time is held out to all.

WOMAN'S REALM

RECIPES ARE RECOMMENDED

Brainerd Women's Auxiliary of Public Safety Commission Assert They will be Useful

LESSENING THE COST OF LIVING

Forethought in Using Resources Now, Better Than Forced Sacrifices Later

The Brainerd Woman's Auxiliary of the Public Safety Commission have the following recipes which, if used, will help to lessen the cost of living and conserve the food supply and it is recommended that they be used, as it requires the utmost care and caution to prevent the slightest waste. Forethought in using resources is better than forced sacrifices after they are dissipated and will probably be one of the biggest factors in winning the war.

1/4 teaspoon mustard.
Butter bread, cut into inch squares. Fill an oiled baking dish with alternate layers of bread and cheese. Add to milk with seasoning and pour over bread and cheese. Bake until the mixture sets and browns on top.
BREAD CRUMB GRIDDLE CAKES
2 1/2 cups milk
2 tablespoons fat
1 1/2 cup dry bread crumbs
1 egg
1/2 cup flour
3 teaspoons baking powder.
1/2 teaspoon salt.
Add fat to scalded milk and pour over bread crumbs. Let stand about 10 minutes or until crumbs are soft, add beaten egg and combine with the flour, baking powder and salt, sifted together. If the crumbs are not dry, use little less liquid.

PEOPLES CHURCH GAINS HIGH HONOR

Placed on Honor Roll at Congregational Church Conference Held in St. Paul

REV. WM. L. CRIST ATTENDED

Largest Attendance of Pastors and Delegates in the History of Church Present

Rev. William Lloyd Crist, of the Peoples Congregational church, returned this morning from St. Paul, where he has been in attendance at the sixty-second annual conference of the State of Minnesota.

He reports the largest attendance of pastors and delegates in the history of the association.

Out of one hundred and twenty-nine Congregational churches in the state, thirty of them attained the distinction of being placed on the honor roll. To be entitled to this place, the church must contribute one dollar per resident member toward the various benevolences of the church. The Peoples church had the honor of being one of the thirty. A special service was held on Wednesday evening, at which time the honor roll certificates were presented.

The chairman of the finance department and the treasurer will be elected at the first meeting of the board of trustees.

Miss M. Whiteley was named deaconess for three years.

Mrs. G. Thomas was elected deaconess for three years and Mrs. Abbie Smith to fill the unexpired term of the late Mrs. J. C. Congdon.

Everything points to a successful year and the officers are most anxious to accomplish things for the Kingdom of God.

Lind-Swedberg

The marriage of Carl Swedberg and Miss Emma J. Lind of Pillager took place at the parsonage of the Swedish Lutheran church this morning, Rev. Eloy G. Carlson officiating. They will make their home on the farm one mile south of Pillager.

The attendants were Miss Clara and John Swedberg.

Men's Club

The Men's Club of the Norwegian-Danish Lutheran church will meet at the home of S. A. Saxrud, 820 S. Sixth street this evening.

He Felt Like Ninety

Nothing makes a person feel old quicker than disordered kidneys. They cause aches and pains all over the body. A. W. Morgan, Angola, La., writes, "Oh, I suffered with pain in my back. I am 43 years old, but I felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." H. P. Dunn, druggist.—Adv.

MORE KNITTERS NEEDED

There is Now Plenty of Yarn on Hand and More People are Needed to Make Articles

The knitting committee of the Red Cross calls for more knitters. There is now plenty of yarn on hand. It is desired that a shipment of knitted articles be sent off soon and women having knitting are requested to finish their articles soon. Those having directions for socks and not needing them are asked to send them to the Red Cross Headquarters or to Johnson's Pharmacy. Those wishing assistance in their knitting may come to headquarters Saturday afternoons from 2:30 to 5 o'clock.

RED CROSS OF NORTHERN DIVISION

Lake City, Minn., was turned over to the American Red Cross for three days this week when Tryon park was the scene of Red Cross Home Festival. The Carnival opened September 27, with a patriotic meeting. Speakers of state prominence delivered addresses during the Festival. Mrs. Mary McCahill donated a pure blood Shorthorn bull which will be disposed of by lot the last day.

Heron Lake, Minn., claims a record in raising funds. At a meeting which lasted 45 minutes that city raised \$100 for each minute in a drive to provide the Jackson county chapter of the American Red Cross with adequate funds.

A campaign to raise \$5,000 for the Nicollet county chapter of the American Red Cross will start at St. Peter, Minn., Oct. 1. The county has been divided into districts and canvassers appointed to see every man, woman and child in the county.

Crookston, Minn., is the first city in the Northwest to start on the organization of a Junior Red Cross. The board of education there has given its sanction to the Junior Red Cross and appointed a committee to confer with the officers of the American Red Cross Chapter.

More than 200 farmers in the vicinity of Northfield, Minn., are giving their fields to the American Red Cross.

The American Red Cross chapter in Anoka, Minn., has organized 10 sewing units of 15 women each. Each unit has undertaken to produce a certain number of articles required for our troops in France.

The invitations for a knitting bee for the Pennington county, Minn., chapter of the American Red Cross were in rhyme. The verse, composed by Mrs. T. L. Melgaard, follows: Since every good woman must do her bit, Will you come over to my party and learn to knit? We will try to combine our pleasure and work, So that none among us shall be called a shirk.

On economy cake and Liberty bread, As Hoover orders, you shall be fed; And while our needles flash and gleam, We'll learn to rib and narrow and seam.

An auxiliary of the American Red Cross has been formed by the Red-

A "Fourth of July fund" raised in 1909 and never used has been donated by Canby, Minn., to the American Red Cross as the most fitting and patriotic way Canby could celebrate. When the fund was placed in a bank eight years ago it amounted to \$225.66. It had accumulated \$90.26 in interest. The gift was announced this week.

On Sept. 20 the American Red Cross chapters in the four states of the Northern Division—Minnesota, Montana, North Dakota and South Dakota—had made and contributed 9,997 knitted articles for our troops in France and 8,641 articles were in process of being made and due for delivery within 30 days, according to a report made to National headquarters. The articles contributed included 492 knitted sets, 8 navy sets, 331 mufflers, 1170 pairs of wristlets, 2143 pairs of socks and 44 helmets.

In North Dakota Wahpeton chapter is now knitting 286 articles and the patriotic women of Lisbon are working on 50 knitted sets.

Redfield, S. D., has sent 109 pairs of socks. Sioux Falls has sent 258 articles and announces it could double its output if sufficient yarn could be obtained.

Minneapolis now has 1,334 knitted articles on hand. Albert Lea, Norman county, Stevens county and Sherburne county are the leaders in production to date.

The Division Manager is making every effort to produce sufficient yarn to enable the chapters of the Northern Division to complete their allotments of knitted articles in quick time. The supply of knitters has far outgrown the supply of yarn and needles.

Birthday Surprise

About twenty of the friends of Mrs. Peter Knutzen, of 507 First avenue, Northeast, surprised her on Thursday afternoon, the occasion being her sixty-first birthday.

The affair was planned by her daughter Mrs. James Thomas. Music and conversation filled in the time, when later delicious refreshments were served. Mrs. Knutzen was the recipient of many beautiful presents.

Has Recovered Her Health

So many women suffer from similar afflictions that this testimonial from Mrs. Laura Beall, Plattburg, Miss., will be read with interest: "I got in bad health. My left side hurt all the time. I took doctor's medicine, but it did me no good. I took two bottles of Foley Kidney Pills and I feel all right now." H. P. Dunn, druggist.—Adv.

WARM BEDDING

Walking through the Bedding Store on a sharp, chilly morning two important things were especially noticeable which our patrons should know about. The tremendous stock of warmth giving Blankets, Comforts, Pillows and other Bedding, and the fact that values are noteworthy because late last winter when stores were buying spring and summer merchandise and Bedding was much lower in price than an present O'Brien's prepared for the coming winter stock. These for example:

Your flag and my flag!
And, oh, how much it holds
Of your land and my land
Safe within its folds.
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The red, the blue and white!
The one flag—the great flag—
The flag for me and you—
Glorified the whole world wide—
The red, the white, the blue!

Tax rates for state purposes will be increased to 5.98 mills for 1917 and 2.07 mills for 1918, compared with 2.42 mills for 1916 and 2.87 in 1915. The new rate will mean an increase of \$1.28 on each \$1,000 of taxable value. This increase is due to the appropriations voted at the last session of the legislature, \$30,416,065. These are the official figures given out by State Auditor Preus.

So widespread are the reports that the government is planning to take away the surplus canned goods put up by the housewives of the United States this summer that government officials at Washington are making special effort to counteract the rumor. A. D. Wilson, food administrator for Minnesota has received word from Washington that there is absolutely no truth in these statements, and has been instructed to pass this word on to the people of Minnesota. The rumor takes various forms. One form is that the government has been urging the canning, drying and preserving of fruits and vegetables so that they might be in a convenient form to commandeer for shipment to the allies in Europe this fall. The sole purpose of the department of agriculture and of the food administration is to get housewives to can and preserve all surplus fruits and vegetables in order that their household may have a cheap and plentiful supply of food.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

7:00 P. M.—Service at Tabernacle.

Prayer meeting on Tuesday morning, 9:30 o'clock, at the home of Mrs. M. J. Reis, 806 South Seventh street.

There was a great meeting at the tabernacle last night and the sermon was the work of an artist. Those who were not there missed one of the richest messages which has yet been delivered from the evangelist's platform. The attempt to set forth one or two striking things of this meeting will give only a meager hint of its value.

The evangelist "drove a wedge" into the shame and counterfeit conceptions of Christianity. It was all done with such kindness of manner and bigness of heart that through it all the people applauded and cried "Amen."

The meeting was marked with good cheer all the way through. Charley Wieland first drove the minor cares away and brought sunshine by his wit and good humor. He had his foot on the pedal of the big choir and made this grand organ of music respond to every mood. The singing is getting better every night and just as soon as the audience invests in a book and takes a part in the congregational singing it is going to add wonders to the value of the meetings.

Singing is the means for getting one into the mood for worship and that fact shows up every night at the tabernacle the person who engages in the singing drives his preconceived criticisms out of mind and settles down to appreciative listening. A man has to be pretty far gone religiously whose soul is not lifted in the worship of song.

Dr. Bromley introduced Miss Cain, speaking of her as one of God's elect women. Miss Cain in responding said, "One of the biggest things that can come to a town is a union revival campaign. It induced all to work and brought spiritual discernment." She commended to all the lecture to be given by Mr. Bromley on Saturday to women only. "Let's rally," she said, "Brainerd needs a genuine revival of religion more than anything else."

The text of the sermon was from Romans, "Who art thou that repliest against God?" Dr. Bromley has dug his trenches deep in the scriptures and every message is one of thorough soundness in the faith. The sermon was no exception and it was punctuated with applause and expressions of encouragement by preachers and congregation.

Man is the creation of God. The law of God is a law for the benefit of man and if observed it keeps man from harming another and from being harmed. There is nothing more unreasonable than for a frail human being to offer an excuse for not being obedient to the law of God.

It is a dangerous thing to call a man from Kentucky a liar, though it be done only in playfulness, but the people of Brainerd curse God, profane His name, reject His laws, and count the blood of His son an unholy thing. God is made out a liar by this people in disbelieving the record that He has given of His Son.

It is the biggest fool trick for a mortal man to speak against the wisdom of God in His government of the universe and in the plan He has devised for the salvation of a lost world. If I had any doubt before of a personal devil I would have none since coming to Brainerd. For I see his trail here—it is well marked out and is apparent to anyone of spiritual institution.

There is one good thing that can be said for the devil, something that cannot always be affirmed of his satellites, namely, he is a wonderfully industrious fellow. He is proficient in the art of getting people linked up with sin and tied up with himself. He is everywhere busy so that every swearing man, lying child, gossiping woman, every unchaste person is an indication of his artfulness.

Some do not want to make a start again in the Christian life because they have once failed—better to make mistakes moving towards God than to stay in fellowship with the devil.

Children should be converted in an early age and their attention turned to their relationship with God, their Father. A mother is an enemy to the child—his worst enemy—if she attempts to keep the child away from religion till he gets older and "can understand the step he is taking." Save a child and you save a multiplication table, save a man and you only save a unit."

Saying you will not give up the world to become a Christian is equivalent to saying "I will not give up dirt to become clean or disease to become well." Some say "I have tried it once and failed," that is the reason you failed you tried something impersonal. Try Jesus Christ and you won't fail. "Trying to be better" is of little value getting right with God has eternal value.

CROP REPORT

Government Report States Plowing and Seeding of Winter Grains Progressing

The government crop report for the week ending Sept. 26 states that the temperature was near or slightly above normal in the central and western corn states, and slightly below normal in the eastern and southern. Rainfall was light in the east, except in small areas; it was moderately heavy from Nebraska and northern Iowa northward. The weather has been favorable for maturing corn from Indiana westward, except the nights were too cool; it is maturing more slowly in the east on account of cool weather.

Considerable corn has matured, and cutting was begun in most states. 10 to 15 days are needed to mature the bulk of the rest of the crop. Plowing and seeding of winter grains progressed satisfactorily in most sections, although rain would benefit much of the east and south. The ground is in good condition in Nebraska and Kansas. Early seeded grains are germinating well.

Pastures need rain in the east, but are improved in the west.

MERRIFIELD NOTES

Mr. and Mrs. E. C. Baker were visitors at Cossette's Sunday.

There was quite a few people from here attended the fair and all reported they had a fine time.

Mr. Walda purchased an O. I. C. pig from Mr. Cossette.

Mrs. J. D. Cornell and Mrs. Geo. Dike were shopping at Brainerd Saturday.

Geo. Cossette finished planting rye today. He has planted twenty acres.

Melvin Gordon and Fred Hazelton expect to leave the first of the month for the training camps.

Joe Tutch has started to dig his potatoes as he has a large patch to dig.

Hub Hamilton was in Brainerd on Tuesday.

Mrs. George Cossette received a letter from her brother who is in Denning, New Mexico. He stated that he expects to go across soon.

OH! JOHNNY, OH!

Probable Trouble in Copper Region.

Phoenix, Ariz., Sept. 28.—Color was lent rumors of possible further labor difficulties among the copper miners at Jerome by announcement that John McBride, federal mediator, soon would go there. According to rumors reaching here the men are dissatisfied with the way in which the employing companies have observed an agreement reached at the termination of the former strike. They are said to have named a committee to draft demands including one for an increase in wages to be presented at once.

20,000,000,000 RAISED FOR WAR

Gigantic Sums Voted by United States Since Entering World Conflict.

ALL RECORDS BROKEN

Never Before in Same Length of Time Has Any Other Nation Appropriated Such Amount for Any Purpose.

Washington, Sept. 28.—The greatest money raising feat in the history of world's parliaments has just about been accomplished by congress. No nation within an equal time ever appropriated such sum, \$20,000,000,000, for any purpose.

Means for raising nineteen and a half billions of dollars have been provided under revenue and bond bills. Only the conference report on the \$2,500,000,000 revenue bill awaits final disposition.

Out of the giant appropriations may be traced the new courses modern warfare has taken. Nearly \$7,000,000,000 has been set aside for the army, of which about a third is devoted to artillery and ammunition alone. Shipbuilding has demanded more than a billion. Aircraft production is given a start with \$694,000,000 and more to come.

Loans Made to Allies.
An even \$7,000,000,000 is provided for loan to the allies. The navy has needed to date only \$1,600,000,000.

There is pending a soldiers' and sailors' insurance bill which appropriates \$176,250,000 to take care of the wounded and dependents.

More than eight and a half millions have been set aside for the selective draft. Herbert Hoover is given \$162,500,000 to control the food situation, while Secretary of Agriculture Houston has \$11,346,400 to hold a nationwide survey and learn what the food supply really is.

But even with the great sums raised, all expenditures of the government up to June 30, 1918, will leave more than a billion-dollar deficit if more funds are not raised. Senator Lodge argues the deficit will reach \$3,000,000,000. To meet this will be left to the December session.

SECOND LOAN READY OCT. 1

Three Billion in Bonds to Be Offered Public.

Washington, Sept. 28.—Secretary McAdoo has announced the details of the second Liberty loan, which will be offered to the public October 1. The chief features are:

Amount \$3,000,000,000 or more, the excess not to exceed one-half of the amount of oversubscription.

Term of bonds—Maturity 25 years; redemption at the option of the Secretary of the Treasury in ten years.

Denominations of bonds—\$50 and multiples of \$50.

Interest rate—Four per cent, payable semi-annually on November 15 and May 15.

Terms of payment—Two per cent up on application, 13 per cent November 15, 49 per cent December 14 and 40 per cent January 15, 1918.

RHEIMS CATHEDRAL DOOMED

Faces Total Destruction Under Heavy German Bombardment.

American Field Headquarters in France, Sept. 28.—The recent heavy bombardment of Rheims by the Germans, sending hundreds of shells into the city daily, played terrible havoc with the tottering cathedral, opening two new gaping holes in the roof and shattering priceless images as well as the irreparable stained glass windows.

The persistent shelling disproved at last the belief entertained by the French peasants in the Rheims district that Rheims was under divine protection and that the cathedral could not be wholly destroyed.

The famous equestrian statue of Joan d'Arc in front of the west facade was struck twelve times recently.

TO AID IN COLLECTING DATA

Col. House Given Peace Task by the President.

New York, Sept. 28.—Col. E. M. House, who has represented President Wilson unofficially on several missions, has admitted that he had been requested by the President to aid in collecting data to be presented at the peace conference at the close of the war. "The announcement carries no immediate significance," said Colonel House, "For more than two years all of the European belligerents have been gathering such data. No conference with representatives of other governments are planned."

I. W. W.'s Flee to Canada.
Washington, Sept. 28.—With indictments expected daily from the Chicago federal grand jury's investigation into I. W. W. activities a great exodus of I. W. W. members is reported from the Northwest. Many are fleeing into adjacent parts of Canada, causing that government concern. Among the emigrants are members who fear indictments. The necessity for passports is not halting the I. W. W. agitators; reports here showing that they are avoiding regular channels of entry into Canada.

HAS ATTAINED OBJECT

Bulgaria Is Ready to Quit War, Asserts Envoy.

Has Captured Territory Which by "Right Belongs to Her," Says Panareto.

Washington, Sept. 28.—Kaiser Wilhelm's dream of a Mittel Europa is something that Bulgaria is not the least interested in.

In an interview, Stephen Panareto, Bulgarian minister to the United States, said his country had attained the sole ends for which it entered the war and is ready to quit, providing she can keep the territory "which by language, nationality and historic right belongs to her."

Bulgaria, he said, would have preferred to have fought with the allies, but Germany made a more acceptable business proposition.

"Bulgaria entered with one object, to regain Dobruja, Macedonia and parts of Serbia which were unjustly taken from her during the Balkan war and in the treaty of 1878," said Panareto frankly. "She had no particular love for the Central Powers—in fact, a few years before, had been at war with Turkey. As the price of entering she asked restoration of former territory, which by President Wilson's statement of 'national boundaries,' rightfully belongs to her."

"Bulgaria preferred to join the allies, but they offered restoration providing Serbia would consent to take in exchange other territory—presumably wrested from Austria Hungary or Turkey. Our prime minister even told the allies that within 24 hours of the acceptance of Bulgaria's terms our army would be marched on to Constantinople."

"Germany's offer was unqualified. Dobruja and Macedonia were to be restored. We joined the Central Powers—not because we had to but because we deliberately chose to."

WOULD RESTORE SLAV LANDS

Pope "Explicitly Suggested" Return of Riga, Vatican Says.

Rome, Sept. 28.—Restoration of Riga and "all other Russian territory" now held by the Germans was "explicitly and implicitly" suggested in the pope's appeal, according to a Vatican announcement.

The announcement was taken to mean that Germany must relinquish its plans for a kingdom of Poland, with German regency, to meet the pope's conditions of peace.

TENTATIVE PROGRAM ANNOUNCED TODAY

Northern Minnesota Development Association and Minnesota Potato Growers Show

NOVEL FEATURES INTRODUCED

Potato Luncheon Each Day, List of Good Speakers, Liberal Prizes, Display of Machinery

The tentative program for the Northern Minnesota Development Association convention and the Minnesota Potato Growers Association show to be held in Brainerd December 6-7 will include some novel features, according to plans outlined by A. B. Hostetter of Duluth, chairman of the committee on arrangements, A. J. Tolans, of St. Paul, secretary of the Potato Growers Association, E. A. Colquhoun county agent of Crow Wing county and Fred T. Lincoln, secretary of the N. M. D. A.

One feature will be a potato luncheon at noon each day of the big convention, at which potato bread, potato pie, potatoes in every conceivable form known to culinary skill, will be the menu, supplemented by such relishes and side dishes as the Brainerd Auxiliary of the Public Safety Commission, headed by Mrs. E. B. Withington and the Domestic Science Department of the city schools decide to offer the many visitors from over the state and farmers of this section who are expected to attend the convention.

Good Speakers

The tentative program includes Dean Thatcher of the Agricultural department of the state university, J. G. Millward of the University of Wisconsin, Dr. E. C. Stackman of University Farm, St. Paul, J. H. Hay of Thief River Falls, dispenser of community "pep" and authority on "Team Work and How to Secure It", A. J. Tolans, Extension specialist in plant pathology, state university and a number of others with whom the secretary is now corresponding.

It will be the most practical and interesting program ever heard in the interests of the culture, marketing and grading of one of the great products of northern Minnesota ever offered in this section of the state and large delegations from Northern Minnesota as well as the southern counties interested in potato culture are certain to attend.

In Gardner Hall

Gardner hall has been rented for four days, December 5, 6, 7, and 8 and here will be shown the finest display of aristocratic potatoes ever assembled in one place to "cast eyes" at each other and "wink" at critical judges in an effort to carry off the blue ribbon.

The committee has placed an order with Kampmann & Son of Brainerd for 300 wooden containers for potato exhibits, of uniform size and make and when the big display is arranged under the direction of Professor Otto I. Bergh of Grand Rapids, the public will be offered an opportunity to review the very finest of the eight standard varieties the committee is confining the cash awards to.

Liberal Prizes

The sum of \$500 has been voted by the Northern Minnesota Development association to be given out as cash prizes, \$300 of which goes to the winners of the Boys and Girls Potato contest and \$200 to individual and county exhibitors. In addition to this, special prizes for Crow Wing county will be arranged by County Agent Colquhoun.

Display of Machinery

Manufacturers and agents specializing in machinery used in the culture of potatoes and in sorting and grading the same, will be represented and the most improved machinery will be on exhibition and demonstrated. This will be placed in Gardner hall, probably and in one of the rooms of the Retail Market directly under the hall, thus affording every convenience for inspecting machinery and varieties of potatoes in the same building. The committee has assurances from a number of manufacturers that they will have exhibits here and representatives of prominent concerns are already seeking space for this purpose.

Domestic Science

The Domestic Science team of the state university will give a practical demonstration in the value of the potato as a food product and preparation of the same. This demonstration will be made on the stage at Gardner hall, affording a fine opportunity for all to witness it. This feature will be of great interest to the ladies and will attract a large audience each afternoon of the convention. The business sessions will be held in the Chamber of Commerce rooms, which will be official headquarters of

the convention and a smoker there will be one of the features of the local entertainment.

Program in Making

The program is in the making and will be published early in October and widely circulated. Announcements of the convention, the plan of the exhibition and rules governing the contest for prizes, have already been circulated from the secretary's office and from the office of Secretary Tolans of the Potato Growers association.

A. B. Hostetter, district agricultural agent, and Professor Otto I. Bergh of the Extension Division of the state university are highly pleased with the prospects for a splendid convention, as the culture of potatoes, selection of seed, grading and marketing, are pet hobbies with them. The Boys and Girls contest had its inception in the fertile mind of Professor Bergh, who is credited with being the father of this feature which has come to be considered one of the practical demonstrations of the N. M. D. A. work in Northern Minnesota.

MAKE COMFORTABLE THE SOLDIER BOY

There Should be a Big Turn Out Tonight at the Bazaar by the Red Cross Committee

PROCEEDS FOR SOLDIER BOYS

Will be Used for Buying Material and Supplies for Comfort Kits—Come and Get Acquainted

The Red Cross Comfort Kit committee has made every endeavor to arouse the patriotism of the people of Brainerd in their endeavor to furnish comfort kits for the boys who are taking up arms in defense of the rights of the people and going to the front. This evening a bazaar will be held at the Chamber of Commerce rooms for the purpose of raising funds with which to buy material and supplies for these kits so that each soldier boy who leaves Brainerd on the next call, which will probably be within two weeks, may be provided with one of these necessary kits.

Your boy is going to the front and you want him to have what little "comfort" that can be extracted out of the life he will be compelled to lead during his services in defense of his country. The least little help from a great majority of the people will furnish this comfort to the boy who has had his every wish gratified at home. He will need the little inexpensive things these comfort kits contain and they will help keep his general health and comfort in good condition.

It's your boy and our boy, and if you haven't a boy to be thus provided for you should be doubly anxious to help make the path of some one else's boy mere smooth.

It is not an expensive proposition and just a little help from each will make the occasion what the committee expects, a success. There will be singing, music and a general good time and all are invited to come out and get acquainted and see what the Comfort Kit committee are doing, even if you do not wish to buy, there is no admission charged. Al Mraz will sing.

It is your patriotic duty to be there. Cakes, pies, bread and rolls will be on sale at one booth; another booth will contain all kinds of home-made jellies, ice-water, Russian, mustard and other pickles, preserves, etc. there will be a fancy-work booth, which may help you with your Christmas shopping; a booth where you may have your fortune told; the girls of Northeast Brainerd are contributing to a home-made candy booth which will be in charge of Miss Elizabeth Crust, and the Southeast Brainerd girls are contributing useful articles which every housewife should have, and last but not least there will be a fish pond for the big and little children.

ROLL OF HONOR

Lieutenant Omer Ernster, after a short furlough spent with his parents, Mr. and Mrs. John Ernster, has gone to Fort Leavenworth, Kansas, to join the engineering corps.

Hans Hanson of Northeast Brainerd has three boys in the army. George and Thomas enlisted in the United States and Sidney, refused in this country, went to Canada and enlisted for overseas service.

At no time during the entire fall season will we be enabled to offer you the large selection of beautiful garments we shall have to offer to you Saturday.

We have an unusually large line of coats; never so many reasonably priced wool dresses; separate skirts in quantities; the very newest in suits and very stylish rain coats. Our courteous salepeople will delight in showing you these garments.

INDIAN AGENTS ARE IN TOWN

H. A. Larson of Denver, head of the Indian agents and standing next to Cato Sells in authority, arrived in Brainerd Thursday and was accompanied by J. P. Brandt of Bemidji, George E. Keenan of Deer River, Edward Escala of Detroit.

Two shop men were arrested last night and some liquor was found in their car. Automobile and liquor were confiscated and the men placed under \$500 bonds. Their hearing comes up next Friday at 10 o'clock in the morning.

Indian agents claim the Dodge car seized as it stood in the business section at 11:30 o'clock last night, contained 8 pints of beer and 2½ pints of whiskey, and 9 empties.

The centering of so many agents in Brainerd means renewed activity in Crow Wing county Indian territory to apprehend contraband liquor carriers.

A GOOD RECOMMENDATION

Lena Fendell Company to Show at the Brainerd Opera House Soon

Miss Lena Fendell and her company of eight people will appear at the Park opera house during next week, beginning Sunday September 30. The show comes very highly recommended. Rev. Fr. B. Habraken pastor of St. Mary's church at Cumberland, Wis., a town recently visited by the company said: "The Lena Fendell Stock company have been in our town of Cumberland, and I must give them the best recommendations."

They have presented different plays that I have seen myself, and I must say that the company has met with the greatest success. Their vaudeville sketches and plays contain absolutely nothing that will offend. I recommend that all who have the time to spare give this company a call and they will never regret it." Rev. Fr. B. Habraken.

Ruth Stenhouse at Best Tonight

Ruth Stenhouse, who plays the part of Beatrice an adopted orphan, in Esmeralda's five act photoplay, "The Alister Case," declares this story carries the most deeply laid plot she has ever yet tried to solve. Miss Stenhouse took great delight in trying to determine who the murderer was during the filming of the play, and no amount of persuading could induce her to read the climax of the story. At times she was thoroughly convinced that she herself committed the crime, then complications would arise which would point to another character as the criminal. During the taking of the last few scenes she was positive she had solved the mystery, and when the person she least suspected was found guilty, she admitted she would make a poor detective. Miss Stenhouse declares that being held in such suspense doubled the pleasure of playing in that feature. "The Alister Case" will be seen at the Best theatre tonight.

TO AVOID COAL STRIKE

Operators and Miners to Compromise.

Adviser to Garfield says "There will be no Coal Strike"—Whole Labor Situation Improved.

Washington, Sept. 28.—It is assured that a speedy adjustment of the soft coal miners' demands will be made. Rembrandt Peake, operators' advisor to Fuel Administrator Garfield said: "There will be no coal strike." A compromise wage increase which will be passed on to the consumer by Garfield, increasing the operators' prices at the mines, is expected to be the outcome of the joint conference here.

Labor Outlook Improved. With the return of the Norfolk navy yard strikers and a temporary agreement reached in the San Francisco shipbuilders' strike, the national labor situation outlook improved. The government's shipyard wage adjustment board is at work on a settlement for the Portland and Seattle shipping troubles, while the President's Pacific Coast labor investigators met to plan an exhaustive probe into the situation on the coast and in the Rocky mountain sections.

Shutdown Not to Be Allowed. A subcommittee of 16 operators and miners met here to take up the United Mine Workers' demands for from 20 to 70 per cent advance in wages.

A deadlock entailing the shut-down of the bituminous mines in the midst of the war and a coal shortage is not thought of by either side. President Wilson will prevent it arbitrarily if necessary.

U.S. TO TAKE OVER SHIPS FOR WAR

All American Merchant Craft Over 2,500 Tons to be Requisitioned.

458 SHIPS AVAILABLE

To be Used in Transporting Troops, Supplies and Munitions to European Front—Order is Effective October 15.

Washington, Sept. 28.—The Shipping board announces, in a statement giving charter rates of the vessels affected, that on October 15 every American merchant vessel of more than 2,500 tons dead weight capacity, available for ocean service, will be requisitioned.

American ships available for ocean traffic total slightly more than 2,000,000 tons, but some already have been taken over for the army and navy. In most instances, the ships, it was said, will be turned back to their owners for operation on government account, subject at all times to any disposition the shipping board may direct.

458 Ships Are Available. Within less than six months virtually every one of the 458 American vessels now available for ocean service, including regular liners, will be either in the service of supplying American troops and warships abroad or in trades considered vital to the conduct of the war. The intention of the government is to replace ships drawn from regular trade routes and from the coastwise service with neutral tonnage for which negotiations now are pending with neutral governments.

Foreign ships will be admitted into the coastwise service by suspension of the coastwise shipping laws. A bill to make this suspension possible is before Congress.

Cut in Rates. The rates announced will cut sharply the present charter and ocean freight rates. It is the intention it is understood to apply them later to any foreign ships chartered in the United States.

For freight vessels the rates a ton a month figured on time charter on a basis of dead weight tonnage are as follows: More than 10,000 tons, \$5.75; 8,000 to 10,000 tons, \$6; 6,001 to 8,000 tons, \$6.25; 4,001 to 6,000 tons, \$6.50; 3,001 to 4,000 tons, \$6.75; 2,500 to 3,000 tons, \$7.

HEFLIN NAMES FIVE SOLONS

Congressional Probe in Bernstorff Slush Fund Believed Certain.

Washington, Sept. 28.—Representative Thomas Hefflin of Alabama has broken the Bernstorff \$50,000 slush fund scandal wide open in the House of Representatives. He has named five legislators and demanded information of what connection they had, if any, with pro-German activities. With his startling accusations he immediately removed all doubt that there will be a congressional investigation. Nothing can prevent it now, whether the administration wishes or not.

Goaded to expose the men he accused, he named these: Senator La Follette of Wisconsin, Representative Fred A. Britten of Chicago, Representative William E. Mason of Chicago, Representative Patrick D. Norton of North Dakota, Representative John M. Baer of North Dakota.

Of the men named four were in Washington. Senator La Follette declined to answer questions concerning the Hefflin charges. Messrs. Norton, Britten and Baer issued warm retorts. Mr. Mason was in Chicago.

SOCIALISTS GAIN IN SWEDEN

Those Opposed to Government Show Strength in Election.

Stockholm, Sept. 28.—Election returns show that the composition of the new second chamber will be as follows: Socialists who are supporters of M. Branting, 86; Socialists of the Left, 12; Liberals, 62; Conservatives, 58; New Peasant parties, 12.

The supporters of M. Branting, who in the campaign strongly criticized the foreign policy of the government, gained 14 seats. The Liberals gained 5 and the Conservatives lost 28.

Women to Aid Second Loan Issue. Washington, Sept. 28.—Women from 12 federal reserve districts, representing Women's Liberty Loan committees, met here to discuss a program of advancing the forthcoming second Liberty Bond issue. The conference of which Mrs. W. G. McAdoo, wife of the secretary of the treasury, is chairman, will last two days.

Millions Homeless in Chinese Floods. Peking, Sept. 28.—The city of Tien Tsin is threatened with destruction by flood. The Chinese city and portions of all the foreign concessions are under water, which is rising rapidly and which covers the great plain to the southeast of Peking. It is estimated that 1,000,000 Chinese are homeless and without food. The Hoang-Ho overflow has spread to the northward and has broken the Grand canal at many places. The mud walls protecting Tien Tsin are being strengthened under foreign supervision.

GREATEST GAIN OF YEAR MADE

British Victory in Flanders Complete—Germans Are Hard Pressed.

ENEMY LOSSES HEAVY

Teutons Repeatedly Return to Attack in Flanders, Haig Reports, But Are Successfully Met at All Points—New Fight Develops.

London, Sept. 28.—The British are in entire possession of the ground they have won on a six-mile front from Tower Hamlets to St. Julien, pressing the Germans hard after repulsing numerous counter attacks. This makes the victory in Flanders appear the most complete of any the British have gained this year.

Hard Battling Required. It had taken hard battling, nevertheless, to make the gains from half a mile to two-thirds of a mile which they accomplished.

The Germans returned repeatedly to the attack, assaulting the new British line with large forces. They were successfully met at all points, however, the British war office reports, and the fighting died down, leaving Field Marshal Haig's forces in possession of their gains.

German Losses Heavy. The German losses throughout have been extremely heavy.

New fighting developed south of the eastern extremity of Polygon wood, the Australians there giving the hard-pressed Germans no rest. On the British right heavy fighting also continued on the elevations northwest of Zonnebeke.

U. S. Widow Weds King's Brother. Rome, Sept. 28.—The Duke of Oporto and Mrs. Philip Van Volkenburg, a wealthy American widow, were married at the American Methodist church here. The duke is a brother of the late King Carlos of Portugal.

Chilean Cabinet Resigns. Santiago, Chile, Sept. 28.—The Chilean cabinet has resigned.

Lansing Fights Allen Draft Plan. Washington, Sept. 28.—Opposition by Lansing has blocked for a time the attempt to put through a drastic alien draft resolution at this session of congress. A bill may be offered by the military affairs committee, but it is probable it will provide for negotiations with foreign nations in regard to impressing their citizens into military service and will be written so that relief will be impossible for many districts where aliens outnumber Americans two to one.
